DETAILED ACTION

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

Claims 1-5 are allowed.

Claims 1-5 are allowable over the prior art for at least the reason that even though the prior art discloses indicator dials for vehicles, wherein an ink acceptance layer is coated on a base substrate, the prior art fails to teach or reasonably suggest, regarding claims 1-3, an indicator panel for a vehicle instrument panel, wherein the haze of the base substrate and the ink-acceptance layer is more than 92.8% and less than 93.5%, and regarding claims 4-5, a method for manufacturing of an indicator panel for a vehicle instrument panel, wherein the haze of the base substrate and the ink-acceptance layer is more than 92.8% and less than 93.5%, as set forth by the claimed combination.

Inoue (JP 2002-148079) discloses an indicator dial for vehicle panels, wherein an ink-acceptance layer 42a is coated on a substrate 41 (Fig. 1).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dr. Leo Boutsikaris whose telephone number is 571-272-2308.

Application/Control Number: 10/805,087
